Thanks Sandy. I'm sorry I should have sent everything to you. I guess I thought since the last time I was told to send it all to Priscilla, that she was the new contact person. I should have asked first – my apologies.

Subject: Merrimack Station Public Comments #2 for webpage

Hi Priscilla,

Would you please have Jun add a second set of public comments to the Merrimack Station webpage. I would like to have these comments added to the existing box at the top of the page titled "Comments Received in Response to the Revised Draft Permit for Merrimack Station." Within this box, after the existing list of comments, I would like the following title: "Comments Responding to Initial Comments on the Revised Draft Permit" and then have the new list of comment documents that I will send to you as attachments in several forthcoming emails (I cannot send all at once due to email size restrictions). I apologize if this sounds confusing. Please let me know if you or Jun have any questions.

Thanks again.

-Sharon
